DIRECTIONS TO AJS TRAINING HIGHWAYS ACADEMY CAERWENT WALES TRAINING AREA

THE ELMS
SANDY LANE
CAERWENT NR CALDICOT
NP26 5BB

The best way to Ajs training Welsh Training Centre is going over the **M48** Bridge over the Severn estuary (check signs so you don't go over the M4 bridge into Wales)

Take first slip road off onto A466, go to roundabout and turn left onto A48.

Follow A48 until you get to Caerwent, you will need to take a turnoff into Caerwent.

Whilst driving into Caerwent you will come across a crossroads with a big wall in front of you, you need to turn left there into Church Road

Follow Church Road, until you find a small lane on your right called Sandy Lane

Follow Sandy lane (feels narrow and as if you are going into nowhere) and at the very end you will see Barrier Services yard on your right,

Be-aware Sandy Lane is both sides of the M48 but is blocked at the M48
I would type in Sandy Lane into your Sat Nav, when you are near to Caerwent, if you do it to early it will take you the wrong way.

Turn into Barrier Services storage area and continue through at no more than 10mph and you will see the centre on your right

Please park sensibly

Start time is 0845 ready for a 0900hrs start

Finish time is usually around 1300 hrs
