

National General Certificate in Occupational Health and Safety

Overview

The National General Certificate will involve a minimum of 68 taught hours and approximately 40 hours of private study and background reading.

This modern qualification combines activities, learning and interactive materials to provide you with an interesting and engaging experience. It focuses on key skills that means you can instantly apply the knowledge you gain and add value to your organisation.

Assessment is a two-step process:

- **NG1** – An open book examination to assess what you know. This is scenario based and will include a closing interview, you will be asked questions about your submission.
- **NG2** – A practical risk assessment to assess what you can do (3 hours).

Learners will complete a risk assessment and develop an action plan for their workplace – this is immediately useful and valuable.

Course Content

With in-depth focus on the things that matter, the NEBOSH National General Certificate covers:

- How to effectively manage health and safety
- How to identify and control common workplace hazards
- How to measure if you've been successful
- The UK's key legal requirements

Through study and workplace application, successful learners will be able to:

- Confidently carry out risk assessments
- Develop and implement a detailed action plan
- Manage and minimise workplace risks
- Support and develop your company's health and safety culture
