

NVQ Level 2 Diploma in Wood Occupations – Timber Frame Erection (via OSAT)

This programme is designed for practising and experienced site workers involved in the erection of timber frame walls, floors and roofs in the workplace. It is a competency based programme and is a measure of your ability to carry out a range of work to criteria which has been set by the industry.

Upon completion, learners show that they have the required skills and knowledge and are competent in this specialist trade area. The NVQ is assessed through on site assessment (OSAT) by experienced and qualified staff involved in this field. The NVQ is normally needed to obtain a CSCS card. NVQs are the most respected formal qualification in the construction industry, offering proof of a candidate's practical skills and competence in construction.

The course assesses competence against the following units:

- Conforming to General Health, Safety and Welfare in the Workplace
- Conforming to Productive Working Practices in the Workplace
- Moving, Handling and Storing Resources in the Workplace
- Erecting Timber Walls and Floors in the Workplace
- Erecting Timber Roof Structures in the Workplace
- Slings and Signalling the Movement of Suspended Loads in the Workplace (Elective)

Assessment

Learners are required to develop a portfolio of evidence that demonstrates competence in each area supported by an experienced OSAT Supervisor from the Construction sector. There will normally be a minimum of 2-4 visits on site by your allocated OSAT Supervisor. The initial visit will assess a learners suitability for the qualification through a Q & A profiling exercise.

Evidence will be gathered using witness statements, photographic evidence, written evidence and professional discussion. On successful completion of the course you will receive a Level 2 NVQ Diploma in Wood Occupations – Timber Frame Erection.

Awarding body

This qualification is approved through City & Guilds.

Entry Requirements

Learners must be experienced and practicing workers in the Construction sector. It is expected that learners will have a minimum of 3 years experience in a relevant trade.

Length

Between 3 and 12 months depending on experience and evidence provided through site visits.

Related Courses

This programme is part of a suite of construction qualifications including the NVQ Level 3 in Occupational Work Supervision.

Grant

Additional funding may be available to support this qualification through a number of schemes. Eligibility criteria applies. Please contact 01554 748344 for more details.
